SUMMARY

Introduction

It is necessary for any person or institution to be aware of new developments or news that arise on issues that affect us directly. For this reason, this press dossier has been compiled so that the entire Adorers family can be "up to date".

In order to achieve this objective, we will gather news on a bi-weekly basis, based on three fundamental axes:

1. The presence of our Congregation in the media.
2. News about the different projects of the Adorer Family.
3. News about Human Trafficking and Sexual Exploitation.

The aim of these materials is to make the Adorer Family aware of the social work carried out by our Congregation as well as the dramatic situation against which, fundamentally, we put all our effort and commitment.
