Thank you Lord, Blessing us with a Mission

*The gift of our first sisters who left behind
A legacy of deep experience of God,
A road less travelled through all the stony events
Marching towards heaven in holiness
Upholding their faith in the Sacramental Jesus
Responding generously daily to the Divine call
They were committed to life and mission in the church
Following the footsteps of Micaela
And in Communion with all the saints.*

Thank you Lord, Blessing us with a Mission

*They radically followed an experience of Micaela charism
A Challenge of time and reality in the 19th century
The warriors of Adorers were always docile and open to the Spirit.
Bravely searching for ways and means for foundations
To compact the existing slavery of women in the society then.*

Thank you Lord, Blessing us with a Mission

*Seven wonders in the world makes us wonder on human creation
Seven houses of our foundation make us wonder on charism
Madrid Valencia Zaragoza Barcelona
Burgos Pinto Santander our 7 pillars of Mission
Stands tall high in the history of Adorers journey
To tell of the glory of The Eucharistic Lord
To the people who come and will come without hesitation
To carry out a mission so dear to Micaela in the church.*

Thank you Lord, Blessing us with a Mission

*A Vision hope and a mission of charity towards the exploited
Long have we lived the 165 years our Eucharistic spirituality
With the sisters thousand feet and hands that availed
To touch thousand hearts of young women to liberation.*

165th Anniversary "Look at the origins to revitalize the future".

*Bless us O Lord to be women of faith to live our life of dedication
To fight the good fight to bring justice and freedom in our day
Let not poverty, threats, remoteness, selfishness and disease prevent us
To live with zeal and enthusiasm, of our first call.
Let the Spirit of God move us with Merciful Love of Jesus
To see the marginalized on the road
Is the broken body of Christ-the Eucharist*

Thank you Lord: Thank you Lord, Blessing us with a Mission

*May our Holy foundress, Pioneers, Martyrs and Holy souls of sisters
Who paved the way to holiness bless us from above
May Mary, Joseph, angles, and saints on high join us
to give glory and praise to our Triune God for the 165 years.*

Thank you Lord, Blessing us with a Mission
