SUMMARY

COME LORD JESUS!

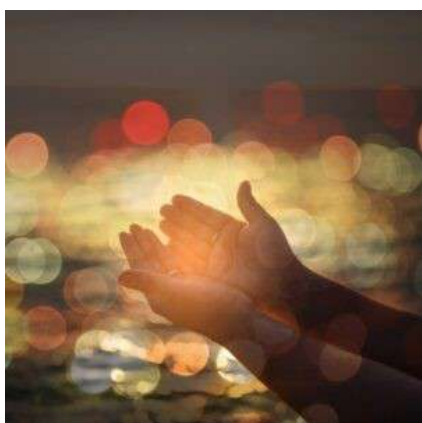

Dear Sisters

Welcome to the season of Advent.

Like the Sun that rises from on high to enlighten those who live in darkness and the shadows of death..." He brings us liberation.

God comes to our world, to our Church, to our Congregation, to each one of us, and no matter what happens, he is still at our side and accompanies us.

He comes to walk in our midst, teaching us with words and deeds that he is the way of life and salvation. (Cf. Philippians 2:6-1)

This is the loving pedagogy of God who invites us to remember how this story begins, how every story begins and continues when we welcome His Presence and take care that He remains at the centre of everything. How important it is to remember!

Advent finds all of us who are part of this great Adorer family "looking at our origins to revitalise our future.

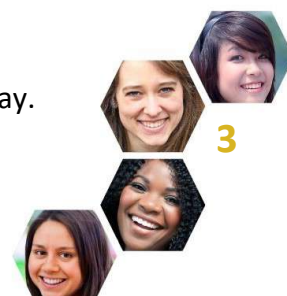

If we look at the beginnings... full of difficulties, in poverty and fragility but always and at all times animated and sustained by a passionate love for Jesus in the Eucharist and a hope full of trust in God who made the seed of the charism of adoration sprout and grow.

This liturgical season that we are beginning is a good opportunity for each one of us, to ask ourselves today in our personal, community and congregational life, with what "garments" are we building communion, energising teams, welcoming the suffering life of so many women, creating safe spaces and caring for the most fragile and the most distant life close to us? How can we be bearers of His light in our reality, in our world?

Adorer Family, in this time of Advent let us walk enlightened by the example of those who allowed themselves to be flooded by the clarity of God.

May Mary, woman of faith and enlightened hope, accompany and guide us on the way. Maranatha, come Lord Jesus! I wish you a Happy Advent.

An extract from letter 7/2021 of Sister Teresa Valenzuela, Superior General .

165 years of the Adorers Charism

“Methodology for the month of October for the celebration of 165 years of the Adorers Charism”.

Formation Team of America

Dear Sisters and lay people,

Once again, the word celebration resounds among us; yes, let us celebrate with joy this wonderful congregational event.

These four months, we have had the opportunity to remember the first steps of Micaela, which marked in a significant and relevant way, her spiritual itinerary. The motto that accompanies us, this year of celebrations "To look at the origin to revitalize the future" demands of each Adorer, a wide, open, challenging posture, full of the glance of God that pushes us to give everything for love.

In this month of October, we send you three short videos, but full of deep content. With this material we conclude our participation from the Province of America with the "Spiritual Itinerary of St. Maria Micaela", taken from the book "Mystique and Apostle" by Sr. Milena Tóffoli Moyano.

We invite the sisters and lay people to celebrate this first part of tribute, proposed by Sr. Teresa Valenzuela, Sup. Gen. in the 165 years of foundation, which have marked our congregational history.

165 years of the Adorers Charism

Methodology

- 1- Sharing the three videos in community and with the laity.
- 2- Making resonances of the content.
- 3- Questioning myself on a personal level.

What does looking at this spiritual journey of St. Micaela arouse in me?

Where is the Spirit of God leading me today?

What challenges does it mean for me to revitalize the future?

Closing with adoration, enlivened by Eucharistic hymns.

Congratulations to all our Adorer family!.

“Looking to the Origin to Revitalize the Future”. Stage II.

Asia Preparation Team

Dear sisters and brothers:

We want to send you some "tools" that can help us to look, to look at ourselves and to reencounter our congregational history in order to "tell us" what our sisters did, starting from Micaela.

Micaela is present in a special way in this time of grace, in our memory and in our heart, she will accompany every space that we can build, contemplate, celebrate and adore.

Here is the general objective of this Second Stage: "To go deeper into the origins, into the writings, to rediscover their values, the reason and foundation of the fidelity and fruitfulness of Micaela, of so many sisters and communities who have preceded us and who today have something to say to us".

The Itinerary, which we propose to you, will be carried out in 4 monthly meetings with their annexes. The meetings are intended to be a contribution, and are therefore subject to all the creative modifications that each community can come up with!

November: "Micaela, the first steps towards the Foundation".

December: "Micaela and the first Adorers" "They have so much to tell us!

January: "The first 7 foundations, a challenge of missionary activity up to the present day".

February: "The history of each province, a future with hope".

165 years of the Adorers Charism

At each meeting, we will be called together for 4 moments:

- Contemplate.
- Making Memory.
- Discern in order to Project.
- Celebrate.

As an Adorer family, let us all feel called together and let us make of this celebration a space of encounter based on the charism that binds us together and an opportunity for conversion and revitalization for a fruitful future in the breath of the Spirit and with a contemplative gaze, mysticism with open eyes, to discover the presence of God in the past, present and future reality that we glimpse..."

Collaborative apostolic leadership in a wounded world.

Yesterday, October 7th, began the course "Collaborative apostolic leadership in a wounded world" organized by the General Government with the participation of all the Provincial Team and the Delegation of Japan, accompanied by a team from Faith and Praxis.

The training is divided into 4 modules and is being conducted online. Each of the modules lasts three days and the duration of the meetings is 3 hours.

The next training sessions are planned for January, March and June next year.

Virtual Formation for Adorers of the Adorer Vocation Ministry.

EIPVA of the General Government

In the context of the 165th Anniversary of our Congregational Foundation, the International Adorer Vocation Pastoral Team (EIPVA) of the Congregation has organized a systematic and updated formation until 2023.

The aim is to stimulate Vocational Pastoral Ministry that will strengthen the commitment and responsibility of sisters and lay people, offering the participants some keys for the current pastoral reading, in order to be able to animate the pastoral action, attending to the challenges of the Congregation and of the Church.

In the attached document, you can see the program of each of the formative stages.

May Micaela help us to find the pastoral keys to respond to today's challenges and encourage our journey with young people?

Formation Plan

Experience of Inter-congregational Apostolic Work in the Province of America.

We are happy to share with you the chronicle that comes to us from the Province of America. A new experience of inter-congregational apostolic work, in line with the commitment made by the congregation at the VIII General Conference to promote inter-congregational apostolic work.

"God's Providence and our Eucharistic spirituality have allowed us to initiate a fascinating inter-congregational experience, responding to the mission of liberating exploited women.

A scenario of humanitarian migratory emergency such as the one we are living in Cúcuta-Colombia, has brought us together with the Oblate Sisters to live in communion and action... Thank you Lord for this experience of sisterhood and hope".

Congratulations Sister Teresa!

With much warmth, the entire Adorer Family joins in congratulating Sr. Teresa Valenzuela, Superior General, on her feast day. It is a day to thank God for her life and dedication.

Many congratulatory videos have been sent to Sr. Teresa for this celebration. All of them have been sent to Sister Teresa in their entirety.

In addition, a video has been made that briefly shows the large number of congratulations that have arrived in different languages and from the different places where the congregation is present.

“I live without living in me...” prayed Teresa of Avila.

Sister Pilar Solís .

Our sister Teresa of Chile must have prayed something like that when she saw how the house in Rome was buzzing with celebration to celebrate her name day. The sisters of Adelfia as well as those of Torre Boldone, by God's grace and providence, were able, in their entirety, to join the community of Rome to celebrate this event.

They arrived the day before, and so already, the morning prayers on the 15th took on the solemnity that, more than the rite, generates fraternity and communion. Breakfast also brought hugs and the first gifts.

At 12 o'clock, the Eucharistic Celebration seated us at the table of the Bread and the Word, surprising us with the participation of a soprano, a friend of the house, whose voice seemed to unite heaven and earth in a halo of unequalled beauty: Ave Maria, Panis Angelicus... and other prayers interpreted by this young woman, gave the Eucharist and the feast an unimaginable tinge of solemnity and beauty.

Mathew Vattamattam, General of the Claretians, and a Carmelite, our chaplains, and the soprano herself who stayed for lunch. The young women of Giara, the educators, the cook, the workers of the house also joined us... a big family around the table, the place that Jesus favoured for fraternity.

Then... recess! Exchange of gifts, of news, and above all of love! With thanks to God in the words of the Magnificat, for the fraternity experienced and for the shared feast. Thanks also to our sister Teresa who knows how to create moments of communion where the great Adorer family strengthens bonds and affection .

Jerónimo Luis de Cabrera Award.

We share the chronicle of our Sisters from Argentina who share with us the joy of having been distinguished in the city of Cordoba with the Jerónimo Luis de Cabrera Award.

"Dear Sisters, we share with you the distinction made to our Congregation in Cordoba-Argentina by the State Government.

The Municipality of Cordoba distinguished with the Jerónimo Luis de Cabrera Award, the highest award given by the City Government to local leaders for projecting values in activities. Such as culture, health, education, sports, journalism, neighborhood communities, commerce, entrepreneurship and institutional activities.

Our Congregation was nominated to receive this recognition last year "2020" but due to the Pandemic, it could not take place. The 2020 and 2021 awards were presented on 18 October at the Teatro Libertador San Martín.

This distinction does not belong only to those of us who are here today, but to the Congregation, especially to all the sisters, lay people, priests and collaborators who have accompanied and accompanied the lives of so many women during these 102 years in these lands of Cordoba".

“Nobody takes my life from me; it is I who give it”.

A few days ago, the community of Chincase, Togo, celebrated the renewal of vows of Sr Maria Reyna.

We share with you a sentence of thanks from Sr Maria Reyna:

"Thank you, dear sisters, for your prayers and your closeness....

May the Lord continue to fill you with all good things and may we continue to be witnesses of his love and mercy.

A big hug to all of you with all my affection".

The sisters of the community recorded the moment of renewal to share it with the whole Adorer Family .

The Angels of Costanilla.

On November 6th we commemorated the day of our Martyr Sisters, victims of religious persecution in 1936. These 23 sisters were beatified in 2007 and are an example of love and fidelity to the Faith.

We remember their names: Mother Manuela of the Sacred Heart, Sister Blasa of Mary, Sister Lucila Maria, Sister Casta of Jesus, Sister Rosaura of Mary, Sister Luisa of the Eucharist, Sister Maria of the Presentation, Sister Maria de los Dolores of Jesus Crucified, Sister Borgia of Jesus, Sister Maria of the Presentation, Sister Maria de los Dolores de Jesús Crucificado, Sister Borja of Jesus, Sister Maria de la Misericordia, Sister Maria de la Misericordia, Sister Maria de la Misericordia, and Sister Maria de la Misericordia.

Borgia of Jesus, Sr. Maxima of St. Joseph, Sr. Sulpicia of the Good Shepherd, Sr. Mary of the Sorrows of the Most Holy Trinity, Sr. Josefa de Jesús, Sister Ángeles, Sister Ruperta, Sister Herlinda, Sister Cecilia, Sister Felipa Gutiérrez Garay and Sister Magdalena Pérez.

To learn more about the events surrounding their martyrdom, we share the publication "Los Ángeles de Costanilla". This illustrated work has texts by Sister Adoratriz Pilar Solís and illustrations by Silvia Corti.

Happy 6th November for the whole Adoration family!

An approach to the reality of vocational and youth pastoral agents.

The Adorer vocation and youth pastoral team has begun an online training course divided into various modules.

The first training took place on the 6th of November and was given by Fr. Jesús Rojano, entitled "Approximation to the reality of vocational and youth pastoral agents".

"What is wanted of us today is not so much that we talk about Christ as that we let him live in us so that people, feeling that he lives in us, can find him." (Thomas Merton)

We want to share with great joy and gratitude that we have already started the Virtual Formation for the Adoratrice Vocation Ministry Agents. All entrusted to our dear Martyrs sisters, for being the day of their memory.

In this 1st Session, Fr. Jesús Rojano has accompanied us, who with his simplicity and clarity has given us clues and good courage in our pastoral task: "Sowing is always hopeful" (Mt. 1,13-23)

Adorer's presence in India - Platinum Jubilee.

As our Congregation celebrates the 165th year of its foundation, we the Indian provinces have a twin reasons to thank the Lord for His continuous graces and blessings. Because on November 14, 1947 our pioneers of the Indian foundation of Sisters Adorers Mother Antonia Mene, Sr Jovita Fernandez Gabanes, Sr Maria Luz Martinez Caballero and Sr Adelaida Romero Amillano, from Spain landed in India, we humbly thank the gift of each one of them who toiled to place a tabernacle for the Lord among our Hindu brethren.

As we enter in to the 75th year of our presence in India, the Indian provinces gratefully acknowledge the Lord's Mighty Hands that led our Pioneer Sisters who journeyed through thick and thin of life with determined spirit and courage. May their noble souls rest in peace .

The tiny seed which they planted in Puri, Orissa has today grown in to a huge tree that spread out in India and its neighbouring countries. Owing to distance and easy administrative purpose the Province of India bifurcated in to two Provinces in the year 2000 as Province of Kolkata and Mumbai. Today they have 14 and 12 houses respectively with their presence in one foreign country each - Nepal and Philippines.

Our first Tabernacle of India.

Like Micaela, we believe that “liberation is possible”. Embracing their human frailty and encouraging their process of self-discovery that leads to healing, inner freedom, personal growth and wholeness, we advocate the promotion and social re-integration of women and girls, exploited by prostitution and various forms of social evils.

In this 75th year of the presence of the Congregation in the Indian soil, both provinces are getting ready to celebrate it meaningfully. The Kolkata province is already in it by organising chain adorations for the entire year by all our houses, on

line monthly recollections in turn by each house, reading and reflecting on Congregational documents, praying rosaries at the same time by the whole province with particular intentions and making use of the modern media for the propagation of the Charism etc.

We pray that as we celebrate the platinum jubilee may the Lord of the harvest bless our Congregation with more genuine vocations, thus Micaela can continue living through Adores who are yet to come.

Hereby we invite the entire Congregation to join with us to thank the Lord for his steadfast love and mercy especially towards the Indian provinces for the past 75 years .

Meeting of the Talitha Kum Coordination Team.

For the first time since the beginning of the pandemic, the team of international coordinators Talitha Kum met, in person, in Rome to plan the future projects of their international network against human trafficking.

Talitha Kum is the International Network of Consecrated Life against the Trafficking of Persons, present in 5 continents and made up of 50 national inter-congregational networks that coordinate their efforts against trafficking at national-local level.

Gabriella Bottani (international coordinator), Sr. Yvonne Clemence Bambara (regional representative for Africa), Sr. Carmen Ugarte García (regional representative for Latin America), Sr. Abby Avelino, (regional representative for Asia) and our Sister Adorer Sr. Maria Luisa Puglisi (regional representative for Europe).

We ask the Lord to enlighten them in this important task.

Call to Action.

Sister Maria Luisa Puglisi, AASC, European Coordinator of Talitha Kum

Today, 25th November, International Day for the Elimination of Gender Violence, we participated in the presentation of the "Call to Action" of the International Network of Consecrated Life against Trafficking - Talitha Kum, in Rome.

A call to action to care for, heal, empower and restore..... in short, to continue to accompany so many people who suffer violence, exploitation, victims of unjust and unequal social systems.

This call to action draws the attention of stakeholders and international governance to four fundamental axes:

- Ensuring access to justice and to long-term psychosocial and health care, as well as work and residence permits for victims of trafficking in destination countries;
- Empowering women and girls, as well as their families and communities;
- Supporting safe and legal migration pathways, including in cases of forced displacement;
- Promoting an economy of care and solidarity.

All of us, strengthened by the Word of God, are called to collaborate.

The Eucharist, Source of Adorer Spirituality.

Floralba Gómez C. Laica Adoratrix

The process of formation of lay Adorers continues, despite the pandemic situation; last November 20, the "Seed" group, formed by a team of lay Adorers, who have been following and serving Jesus Eucharist, from the Adorer charism, we reflected on this adventure, which is the belonging to the Adorer family; an adventure that is "lived from a Eucharistic spirituality" and whose identity is deeply marked by the charism that reflects the experience of St. Maria Micaela.

We deepen the charismatic aspects rooted in the Eucharist: communion and love, in the sense that the experience of St. Maria Micaela moves us to "be friends of Jesus and share his mission of Liberation": our

Mission is in reality a great relationship of friendship that has its genesis in the call of God to a consecrated and lay life, in a profound relationship of love with Jesus, conveyed to the women who cry out for their freedom.

The Eucharistic experience of our Saint invites us to live the Eucharist in the style of Jesus, in an experience of communion, in an experience of love between sisters and laity in such a way that we can respond to the challenge of being bread broken and given to "them", who need to be liberated with the love and the apostolic, missionary sense that only flows from the Eucharist.

This formation experience has raised several questions that lead us to personal and community discernment: How are we living the community dimension of the Eucharist? Does our community life respond to a common table shared by sisters and laity? Does our experience of adoration renew the liberating presence of Jesus? ... There are many more questions that are still inside us, sisters, and laity; they surely move us to reflect on the community, apostolic and liberating commitment that we have with Jesus.

Finally, we believe that the Passion of St. Maria Micaela for the Eucharist is the door always open to our spirituality of adoration .

Together on the Way: the intercultural challenge in life and mission.

Margarita Navio, General Coordinator of Formation.

In response to the commitment made at the VIII General Conference, "to promote formation processes in the key of interculturality as a path of spirituality for Adorer life and mission", a seminar on INTERCULTURALITY was held on November 22-23-24, organized by the Formation Area of the General Team and accompanied by Fr. Tim Norton, svd., a reference in this area who not only transmits theory, but does so by sharing his great experience of intercultural life.

In these days we have been offered a very general vision that opens horizons, perspectives, clues to live and understand the different, to value one's own culture and that of others...a desire to continue learning and reflecting. Later on, we will have other meetings with more concrete themes that will give us tools to make our own path and intercultural process.

Our Projects

AFJ Home, Paris.

On each of the Sundays of Advent we are going to approach an Adorers' project. We begin with the AFJ Home project .

History.

The "Foyer AFJ" was created in 1967 with the aim of welcoming new arrivals in Paris and offering them stable accommodation, trying to prevent them from resorting to prostitution in order to survive.

The role of the AFJ Home is marked by the fact that it is the only home in France founded for the protection of trafficked women. The specific objectives of the AFJ Home are:

- To welcome and protect victims of trafficking for the purpose of sexual exploitation.
- To offer comprehensive support to promote the autonomy of the persons hosted.
- To train and raise awareness in the care of victims of trafficking.

This care for victims of trafficking is based on the following principles:

- Respect for the person, their rights, their private life, their culture and beliefs.
- Support and individualized attention to the victim.
- Promotion of the path and the experience of the women welcomed towards autonomy.
- Commitment against human trafficking at national and international level.
- Solidarity with projects to help women and minors in a situation or at risk of exploitation.

Our Projects

In 2000, at the initiative of the Congregation of the Adorers, the first victims of trafficking arrived at the project, so that in 2005, women victims of this drama occupied the 12 places available.

In 2007, AFJ became more professional with the arrival of a social worker and a psychologist. Subsequently, the psychosocial team was completed with the recruitment of a monitor-educator in 2010.

In 2012/2013, they began to count on the help of the Amaranta Solidarity Foundation (FSA), which supports and coordinates the social program founded by the Congregation of the Adorers throughout the world. Thanks to its supervision, AFJ is evolving towards full supervision.

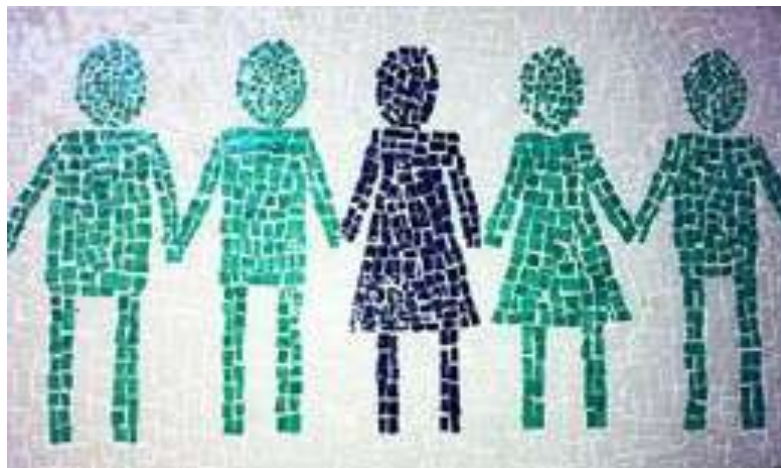

Our Projects

Admission Criteria

The AFJ Home has 12 places, distributed in double and single rooms. The admission criteria are as follows:

- Be an adult woman without children victim of human trafficking for the purpose of sexual exploitation.
- Identified as a victim of trafficking or potential victim in the context of the assessment (identification of the victim by the police is not a necessary criteria).
- Need for shelter from the danger of violence, threats and pressure from the exploitation network.
- Asking for help to escape from a network and get out of the situation of prostitution.
- Accepting the conditions of care and safety standards so as not to put the group of women in the shelter at risk.
- It is not necessary to report a trafficking network to the police to gain access to the Home.

Our Projects

Accompanying the victims

Who is welcomed?

The AFJ Home welcomes adult women without children who are victims of trafficking for the purpose of sexual exploitation and who require shelter. Exceptionally and depending on the places available, we also welcome women whose situation requires emergency accommodation (domestic violence, domestic violence, etc.).

At Hogar AFJ we work with 4 program that depend on the objectives established between the Home and the woman.

Short term. The victim is sheltered for 1 or 2 days while legal procedures are resolved with the help of lawyers or the police.

Medium term. In this program, the woman is prepared for her return to her country. However, this requires time to secure the person's situation and to carry out a risk assessment (family investigation, social investigation, investigations to find out if the person has been identified as a victim in the country of origin...).

Long-term: Long-term care, from 3 months to 3 years. This is comprehensive and personalized care where the concepts of protection and safety are central. The intervention of the multidisciplinary team as well as the use of external services are essential to promote administrative procedures and regularization.

Support without accommodation. In this case, it refers to women who have left the home but maintain a link with the team: social support, help with regularization, therapeutic support or to maintain emotional ties with the home by regularly visiting it, participating in collective events.

Training activities

The trainings are carried out by the project manager, the psychologist's office and professionals who are in contact with persons identified or likely to be victims of trafficking for the purpose of sexual exploitation. The theoretical and practical aspects of the training interventions are adapted to the needs of the professionals and teams
